VOL. 52—No. 4

WEEKLY LUNCHEON MEETING BAY ST. LOUIS ROTARY CLUB

On Wednesday at noon, the Bay St. Louis Rotary Club met with members of the Bay-Waveland Garden Club in an effort to combine the efforts of the two clubs in sponsoring and accelerating interest in Victory Gardens in accordance with the request of Director C. Fred Morgan of the Mississippi Civilian Defense Council.

The meeting was presided over by Mr. Howard LeTissier, president of the Bay St. Louis Rotary Club, who introduced the ladies representing the Bay-Waveland Garden Club, namely, Mesdames Frank Kiefer, Eugene Mogabgab and G. F. Stevenson and welcomed them.

Mr. Charles Stone, County Agent, gave a brief explanation of the requirements on Victory Gardening, explaining the necessity of every one planting idle ground and endeavoring to raise poultry in order to provide proper food during war time and to assist the war effort in conserving everything possible.

Mr. Stone stated that the State Agricultural Department will forward Garden Handbooks to anyone interested in growing a war garden and also stated that he would issue through his office monthly garden bulletins, and was willing to assist anyone with any information and advice on gardening and poultry raising that they may wish.

Mr. Al Voght, Chairman of the Hancock County Garden Committee, with Messrs. Stone and A. E. Cox as members, requests that everyone interested in war gardens register with the committee which will have available information as to soil, preparation, planting, fertilizers, seeds, etc., may be secured.

A number of residents who do not have garden space have asked where suitable space for gardening is available, and anyone having such space which is cleared off and suitable for planting and which they do not intend to use themselves, may have their places used for war gardens and may register with the Hancock County Garden Committee who will endeavor to communicate with persons who are desirous of securing garden space.

While the goal for 1943 is a garden for every family in the State, it is hoped that persons who will prepare ground, plant seed and diligently see to it that gardens are given the proper care and no wasteage of seed and fertilizer occur.

Leaders in the rural sections have been named who will assist in the Victory Garden Campaign and it is hoped that with our country calling on all of us for an all-out effort in gardening and conserving food, every able-bodied adult and boy and girl will interest themselves in war gardens and take active part in this campaign and make use of every available space by planting as our climate provides for all-year gardens in which crops of a variety of vegetables, fruits and berries for daily use and canning may be grown.

So don't fail to register with the Hancock County Garden Committee if you have land which you do not expect to use, or if you wish to plant a garden and require ground on which to plant. Also if you wish advice on planning, planting and care of gardens, all of which will be available from the committee and assist two of Bay St. Louis' large clubs in making the year 1943 a banner year in Victory Gardens.

GARDEN CLUB HOLDS MONTHLY MEETING

Bay-Waveland Garden Club met on Thursday afternoon at the home of Mrs. A. C. Xeniclos with her sister, Miss Josie Miller and Miss Lucy Richardson acting as joint hostesses.

Mrs. Elizabeth Jenkins was named as secretary to succeed Mrs. F. J. Trastour who resigned because she has accepted a position in New Orleans and commutes daily.

Al Voght appeared before the club and talked on Victory Gardens and asked that the club cooperate with the Rotary Club which has taken as its unit of work the sponsoring of Victory Gardens.

The club pledged \$25 towards filling overseas kits for the armed forces.

Miss Catherine Northrop of Pass Christian was guest speaker and made a most interesting and informative talk on "Wild Flowers of the Gulf Coast." Miss Northrop showed her sketches and paintings of wild flowers all of which are botanically correct. The club was certainly fortunate in having this splendid talk by Miss Northrop and each person who heard it came away enriched in the knowledge of our wild flowers.

LETTER FROM TULSA COACH

The following is a copy of a letter from Coach Henry Frnka of Tulsa University addressed to Mr. Howard W. LeTissier, manager of Hotel Reed.

January 15 1943
Mr. H. W. LeTissier
Hotel Reed
Bay St. Louis, Miss.
Dear Mr. LeTissier:

We have been swamped with work since we came back and are late with all our correspondence, hence our delay in writing you.

I want to say that everything connected with our stay at your hotel was tops in every respect. The service was excellent, the rooms comfortable and the meals could not have been better. They were the best meals we have had anywhere on any of our trips. We appreciated the friendly atmosphere of your hotel. We certainly hope we will be asked back to play in the Sugar Bowl and if so, you may rest assured Bay St. Louis and the Reed Hotel will be our training quarters.

We enjoyed the hospitality of the people in Bay Saint Louis, we have never been in a friendlier place—you people captured the hearts of our entire group.

We received the box containing the mail, etc., yesterday and appreciate your sending it. We would also be glad if you would rush the empty bottles as the Company here needs them quite badly.

Thanking you again for your many favors and courtesies and with every good wish to you and Mrs. LeTissier, I am,

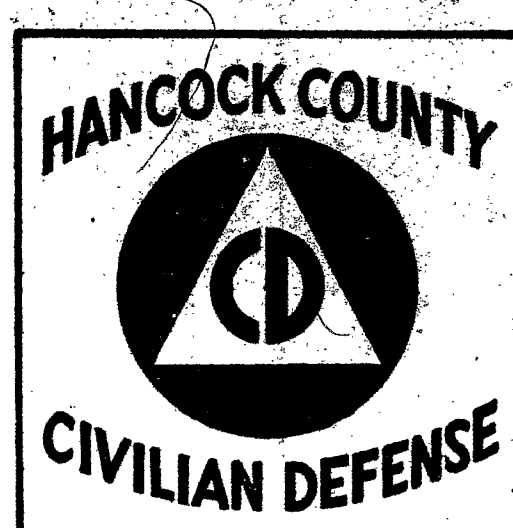

Friendly yours,
HENRY FRNKA
There is much expression written in these few sentences. We should all feel happy over the impression we create with these folks.

IN FLYING TRAINING

Eddie J. Arceneaux, Jr., son of Mr. and Mrs. E. J. Arceneaux of this city, is stationed at Perrin Field, Texas, where he is receiving his basic training, the middle phase of a flier's education.

A news release from Perrin Field advises us that "Walking down the flying line with a parachute on his back or swinging up paved streets to ground school classes, Aviation Cadet Eddie J. Arceneaux, Jr. has in his stride that reflects healthful army training and the pride of a man seeing a good job through. For Cadet Arceneaux is past the halfway mark in his training as an Army Air Force pilot."

The best of luck to you Eddie, from the folks back home and "Keep 'em Flying."

Block Leaders Meet

Progress is being made in the organization of the block plan for Bay St. Louis. Mrs. Roger Boh, chief block leader and her 12 assistants met on Thursday of last week for instructions and a thorough explanation of how the block plan is to function.

The purposes of the block plan are:

1. To carry forward civilian war activity, quick and efficiently.
2. To get vital war information into every home rapidly and accurately.
3. To collect information which may be needed for community planning and to bring back to the homes answers to questions which have been raised.
4. To promote a spirit of cooperation in neighborhood enterprises, such as block discussion meetings, rallies, car sharing plans and any other activity of the community's war services.

Therefore the key person in the block plan is the block leader. Just as the air raid warden is responsible for protective measures in his sector, so the block leader is responsible for civilian understanding and participation in the many war measures necessary to win the war.

Bay St. Louis has been divided into 12 zones with the following women serving as leaders:

Mrs. Margaret Backman, Mrs. Horace Kergesen, Mrs. Lucien M. Gex, Mrs. Townsend Wolfe, Mrs. J. R. Rollins, Mrs. L. S. Elliott, Mrs. Chas. Flink, Mrs. E. J. Ranson, Mrs. Eugene Mogabgab, Mrs. Andrew Carver, Mrs. Henry Carver, Mrs. Leo Taconi.

Plans are underway for another blood bank. Anyone between the ages of 15 and 45 willing to donate a pint of blood please call 258 and give your name and address.

We have been asked to collect discarded silk, nylon and rayon hose. Be on the lookout for bins around town to drop them in. The only requirements they must be washed.

Push Block Plan of Defense

Progress is being made in the organization of Bay St. Louis "block plan" under an assignment from the government to the local office of civilian defense. It was reported.

Ultimate national goal is induction of an army of half a million women dedicated to fight on the home front. It is hoped to have effective functioning by February 1, when the entire staff of block leaders will have been appointed under Mrs. Joseph R. Scharf and Mrs. Roger Boh.

Check on Needs
The block plan is already operating successfully in Chicago and several West coast cities. As the name suggests, it is set up on a geographical basis by city blocks, or in thickly populated districts, a section of the block.

In addition to the meat rationing program, a second project has to do with a survey of employed mothers to determine methods to be adopted for child care.

"The council of the Citizens Service Corps," explains Miss Raymond has been alert to the child care problems in families where mothers are employed in war industries. The block leaders will be able to make a complete survey of requirements. Questionnaires dealing with the day care of children are being circulated among block leaders.

In white neighborhoods there will be white leaders, and in Negro districts, Negro leaders. Where white and Negro families live in the same block, there will be a white and Negro leader for the block.

The city has been divided into zones. There are white and Negro zone leaders who may be considered captains of the zone front army. Under the zone leaders are the sector leaders, who may be compared with lieutenants. The sectors are then subdivided into blocks, with a block leader at the head. The block leader may be compared with a corporal. It is estimated that 25 block leaders will be recruited. Every man, woman and child serving under the block leader might be called a private in the home front forces who will be just as responsible for the successful prosecution of the war as any member of our armed forces.

Four-Fold Aim
As explained by the United States Office of Civilian Defense the block plan is an organization established to assure total coverage of all households, for civilian war services—activities other than protection, with which communities and individuals must be concerned as part of their contribution to the prosecution of the war. They include salvage, transportation, services for service men, recreation, consumer interests, health and medical care, welfare and child care housing, education, labor supply and training.

Already several zone and sector meetings have been held, and others are scheduled for every day of the coming week. Block leaders of the Civilian Defense Volunteer Office will be carefully selected. They must be persons of responsibility with leadership qualifications. They will be assigned duties but will have no definite hours, hence the work is considered appealing to women who cannot leave their homes for long periods. They may choose their own time for the work, adapting block activities to their leisure hours, as they see fit. They will wear a special OCD pin insignia.

OBSERVES SILVER JUBILEE

Father A. J. Gmelch Serves
Our Lady of the Gulf as
Pastor For Twenty-
Five Years

The Silver Jubilee or twenty-fifth anniversary, of the Very Reverend Father Andrew J. Gmelch as pastor of Our Lady of the Gulf Church, was celebrated at the Rectory on last Sunday with a dinner when members of the clergy from Bay St. Louis and from along the Coast gathered and offered their congratulations and blessings upon our beloved pastor.

Father Gmelch came to the Parish of Our Lady of the Gulf on January 17, 1918 succeeding the late Monsignor John Prendergast, from the pastorate in Canton, Mississippi, and during the twenty-five years he has led the faithful here, he has been responsible for the completion of the church the beautiful stained glass windows being placed therein, a new organ, all of the altars and statues being refinished, gas heat and circulating fan system being installed.

Father Gmelch has been especially interested in the young boys of the parish, assisting greatly in Boy Scout activities and enjoys, the distinction of having been awarded the Beaver Award in Scouting.

He is an organizer of the Bay St. Louis District of the National Council of Catholic Women.

Throughout the day on Sunday, friends called and congratulated Father Gmelch, and the following members of the clergy were present at the dinner at the Rectory: Very Rev. Joseph Eckert, S. V. D., S. V. P. Provincial, and Very Rev. John H. Gasper, S. V. D., Rector, both of St. Augustine's Seminary; Captain Major, Chaplain at Keeler Field, Biloxi; Rev. Thomas A. Lilly, C. M. St. Thomas Church, Long Beach; Rev. Joseph Holken, S. V. P. St. Rose de Lima Church, Rev. Joseph Shermesser, Church of Our Lady of Perpetual Help, Lumberton; Rev. J. F. McGlade, St. John's Church, Biloxi; Rev. Michael J. Costello, St. Claire's Church, Waveland; Rev. Maximilian Weyers, O. S. B.; Rev. John Niemeyer and Rev. William Clarke.

ATTENTION EVERYBODY—Don't forget our boys in camp who are calling out to us for something to read. Bring your books to the library and they will be sent promptly. This is a call to every loyal American citizen to respond in a big way. And please send NEW, LATE books. Give the best we have to the boys and the best will come back to us.

The Red Cross would like to correct statement of last week in which it was stated the organization had given 4 dressing robes to the Seamen Home at Camp Kittiwake. The Red Cross gave 2 dressing robes, and Mrs. G. Y. Blaize gave two robes.

The Production Room is shipping 50 boys' overalls, 66 boys' shirts, 50 women's petticoats, and 50 women's slips, this week.

Mrs. J. H. Thomson has resigned as knitting chairman and Mrs. A. W. Moore has taken her place. The local Red Cross Chapter has been asked by the government to knit 20 turtle neck sweaters for the navy to fill an emergency need. This is a very special request and the sweaters are to be made as soon as possible by local knitters.

Anyone having discarded silk, rayon, or nylon hose are requested to bring them to the Production room. The government has need of them.

The Chapter wishes to thank the local women for their ready response to the needs of the surgical dressing and production rooms. However, more workers are continually needed. More donations to fill the kit bags are also badly needed.

The annual election of officers of the American Red Cross was held on Tuesday morning, January 19th in the Courthouse with the following members present: Mesdames G. Y. Blaize, Leo W. Seal, J. Roland Weston, Frank Kiefer, Alfred Vassalli, Leo Ford, M. A. Gilmore, Louis F. Maunus, G. Stevenson and Miss Miriam Engman and Messrs. H. Grady Perkins, A. G. Fawcett, Leo Ford, Harold Weston, John Egloff, John B. Wheat.

In the absence of the Chairman, Mr. Walter J. Gex, Mr. H. Grady Perkins presided over the meeting and stated the main purpose—that of the annual election of officers.

Mr. Perkins read a paragraph from the By-laws of the American Red Cross on rules regulating the election of officers, after which the members immediately proceeded with the election.

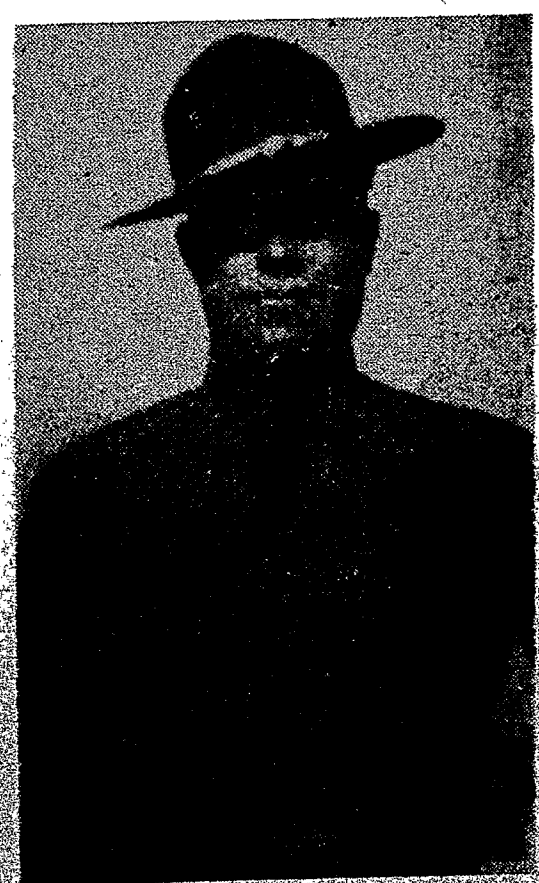

Mr. Walter J. Gex was unanimously re-elected to the office of chairman.

A letter of resignation was read from Arthur A. Scalfie who had been treasurer of the Chapter for several years. Mr. Scalfie stated that his duties with his bank being heavy at present and leaving no time in which to accept outside offices. Mr. Scalfie's resignation was accepted with regret, and Mr. Francis J. Bopp was elected to serve in his place.

Other officers elected were: H. Grady Perkins re-elected as first vice-president, Mrs. Roland Weston, re-elected as second vice-president, and Mrs. G. Y. Blaize elected as secretary in the place of Mrs. F. J. Trastour, resigned.

The following persons representing different sections of the county were elected as members of the Executive Board: Mrs. Lamar Otis of Logtown; Randolph Seal and Isaac Frierson of Picayune; Dr. C. M. Shipp, H. T. Carr of Clermont Harbor and Mrs. C. C. McDonald. The chairman of the various service committees complete the members of the Executive Board.

LEAVE FOR HOME AFTER A MONTH'S STAY AT BAY ST. LOUIS

Mr. and Mrs. Paul Harris left this week for their home in Chicago after a month's stay at Hotel Reed.

Mr. Harris, founder and President Emeritus of Rotary International, is widely traveled and is known internationally and has friends on all parts of the globe.

He stands for fellowship and understanding and has done much to create and build up the principles of fellowship and good will in cities here and abroad. His whole idea of Rotary is fellowship and he is responsible for friendship trees and gardens in every country in Europe and in numerous Pacific Islands. He has a friendship garden in his own home.

His tastes are simple and his unassuming manner and appreciation of little things has endeared him to many. He is an ardent reader and it is thought that he is reading a book.

Mr. and Mrs. Harris spent one night here at Hotel Reed three years ago and returned this year for two weeks and remained a month. On leaving he said to Mr. LeTissier, "I needed it when I came to Bay St. Louis, but I don't need it now. That is what Bay St. Louis and Hotel Reed has done for me."

Mr. Harris is a native of Wisconsin but lived the greater part of his life in Vermont. He worked at one time as a newspaper reporter he taught for a short period, was an actor in a Denver Stock Company and a cowboy on a Colorado Ranch. During this time he was learning to know his fellow man, and at the end of five years he settled in Chicago where he practiced law.

GUESTS AT HOTEL REED

Mr. and Mrs. Jack Reading of Chicago are guests of Hotel Reed, where Mr. Reading expects to spend a few weeks conferring.

Mr. Reading experienced quite a sick spell this winter, and our good friend, Al LeTissier, now a Lieutenant Commander in the Coast Guard, a friend of Follet, Illinois, and a frequent visitor to our city, advised Mr. Reading that he could suggest a better place to recuperate than Bay St. Louis.

Mr. Reading has been unstinting in his praise of the people of Bay St. Louis, our pleasing climate and extensive facilities for fishing and outdoor recreation and enjoyment.

WAR RATION BOARD COLUMN

So you are an average Mississippi motorist and don't understand this tire inspection business?

Suppose, like thousands of others, you have an A BOOK, for mileage rationing, then you must have your first tire inspection by March 31. If you have a B BOOK or a C BOOK, the first inspection deadline is February 28. If you have a TRUCK you also must have your tires examined by February 28.

Where and how to get inspections? The OPA has designated a number of automobile and tire dealers, garages, and service stations as official tire inspection headquarters. If in doubt, your local board can tell you where to go for inspection.

How much does an inspection cost? The OPA allows the inspector a fee of 25 cents per vehicle provided it is not necessary to demount any of the wheels. An additional 50 cent charge is allowed for each demounting from passenger cars which may be necessary if a tire requires closer examination. Demounting fees for truck tires vary from 50 cents to \$1.00, depending on the size of the tire.

When you were issued your mileage ration book, you also received a tire inspection record on which you wrote the serial numbers of your five tires. You must take this inspection record with you when you have your tires examined.

What does the inspector do?

When you hand the inspector your tire inspection book. Then he records the speedometer reading on the inspection record and checks your car for bent rims or out-of-line wheels or cuts and breaks in sidewalls and treads of the tires. He also will find out from you whether any tire has been damaged inside and not repaired.

If the inspector finds that repairs are necessary, he will advise you about making corrections. He cannot sign your tire inspection record, however, until such recommended repairs have been made.

You do not have to have repairs made at the inspector's place of business. Suppose the inspector reveals that you have a smooth tire which needs recapping?

The inspector notes this on the inspection record and then certifies you for a recapping on a tire purchase application form. There also are some blanks for you to fill in. Then you turn them over to your local rationing board.

This doesn't always mean you'll get a recapping.

It is still up to the ration board to pass on the recommendation of an inspector.

If one of your tires has become unfit for recapping while you were engaged in essential driving—that is, driving essential to your occupation—the inspector may recommend a replacement tire. Just as in the other case, however, final approval must come from the local board and not the tire inspector.

Under the national mileage program all passenger cars used in essential driving are eligible for replacement tires, but the boards are limited by quotas in their respective counties.

The procedure is the same for inspection of truck tires except the listing of serial numbers on inspection records is not required of commercial vehicles operating with certificates of war necessity.

How often should you have tires inspected?

If you have an A BOOK, you must have inspections every SIX MONTHS following the first inspection; if you have a B BOOK, the interval is FOUR MONTHS; if you have a C BOOK or bulk coupons, it is every THREE MONTHS; and if you have a TRUCK, you must take it to the inspector every SIXTY DAYS or every 5000 miles of travel, whichever occurs first.

If you fail to have inspections according to regulations, your local board can confiscate your mileage ration book.

NO SUBSTITUTE FOR FREEDOM

AS free American citizens we have found we can meet the test of war. We have the ability to get things done. We have courage and daring. Our men have shown in stark heroism that on the military front we are not soft. We can fight with the tricks our forefathers learned from the Indians, and we can fight with machines. Guadalcanal and North Africa have proven that. In brief, we can win the war.

But there is more than the military front. There is the home front. And here, except for the production miracle of industry, there is evidence of softness, of confusion of ideals. Group bickering has put the attainment of personal comfort and security ahead of the national welfare. In many quarters a desire to eliminate human want at one fell swoop has become an obsession. An agency of government has even prepared a new bill of rights, the basic tenet of which is economic security. This new bill is proposed as a supplement to the old bill defining our liberties at the time the United States Constitution was adopted. It puts security on a par with freedom, on the theory that the American people will abandon freedom if they are not guaranteed three square meals a day. It implies that the American people, bitter from the "great depression" and fearful of post-war uncertainty, do not propose to go hungry; that if they cannot have their freedom with full stomachs, they will do without freedom.

If such is true we have drifted far from the ideals the Pilgrims carried ashore at Plymouth Rock. Even as our men on the battlefields are now dying, the Pilgrims died and suffered hardship for just one reason: to preserve a spot on this globe where the individual could be free. And they got that freedom. They got it because they were tough. Their ideals came first, their stomachs second. Our men are winning battles now because they are tough. They are thinking of freedom.

A year ago there was a grave question in the minds of millions as to whether we could arm fast enough to stem the tide of aggression. There was an equally grave question of whether we could do it without destroying free enterprise and representative government. There were those who believed it would take total dictatorship to beat the dictators. The challenge fell on industry. The machines had to be built by industry. Our natural resources and our factories had to be mobilized for war on a scale that wrought shattering changes in technique and precedent.

It is to the credit of thinking government officials that revolutionary changes in government and industry were not forced before free enterprise had a chance to show what it could do to prove that our democracy was not a failure. Our factories did a magnificent job. In a matter of months, they underwent re-tooling and conversion. Today tanks, planes, guns, ships, are rolling off the assembly lines by the scores of thousands. Our war production has caught and passed the dictator enemy who spent years producing for war under an elaborate "economic security" program which by its very completeness had destroyed individual freedom—the same years that our industries continued to produce for America's unregimented, peaceful millions. Back of the manufacturers stand American farm producers and distributors, together with the metal and coal mines, the oil, the power and transportation industries. They feed our war workers and keep the materials moving into the assembly lines.

The end of the war may be distant still, yet it is in sight. Again free enterprise faces a challenge. And again it faces it against a backdrop of threats. Those threats are cloaked in the prevalent idea that a full stomach is an inalienable right. Far-sighted leaders know that the challenge of the post-war world will be the toughest of all. It will be far tougher than the facts justify because of demagogic attempts to soften our people with illusory social dreams of total "economic security."

But industry is making its plans. These plans will have to be daring. Industry must go on the offensive. It must show that unprecedented production under a system of free enterprise is the only sure way to build a lasting peace under the banner of individual freedom. It must lay the groundwork for this production now. And it must have the wholehearted cooperation of all Americans on the home front.

We on the home front must do a lot of clear thinking. We must now be hardened by a determination that above all else we must save the right of the individual to be free. We must realize now and in the peace to come, that individual freedom is more important than individual comfort. Bitter experience has demonstrated that without freedom there can be neither comfort nor security. We must reaffirm our belief in our Constitutional government.

COMMON COURTESY

DOING a little shopping during the holidays I was impressed by the indifference and occasional discourtesy of clerks. Debating within myself the purchase of an article in a neighboring city, an impatient little gum chewing cutie behind the counter gave me to understand in no uncertain terms, "I don't give a darn whether you buy it or not."

Of course, there are green clerks employed in this emergency and there are firms whose dwindling stocks inspire an understandable indifference, but courtesy is first among the intangible assets of all business.

Time will come again when we shall not have a seller's market; stores and service-selling agencies will be scrambling for business, and the public does not forget. I shall probably never return where I was treated rudely. It is the nature of the individual to go where he is cordially received. I remember on one occasion, in years gone by, I walked a friend who wanted to make some purchases several blocks through the snow in Providence, Rhode Island. When it was over, he asked, "Why this marathon to purchase a few shirts and collars?" I hadn't thought of it before, but I replied, "I like the people."

Good will is cumulative, and it is created out of many elements, chief of which is common courtesy. Like the character of a product, it is among the priceless ingredients. Looking to the future this is the time to make friends. There is no rationing on courtesy, no ceiling on good will—and both pay big dividends. —Dixie Guide, Gulfport, January, 1943.

A. & G. THEATER SUNDAY AND MONDAY "ONCE UPON A "HONEYMOON"

An Unusual Combination of
Comedy and Thrills

Co-starring Cary Grant and Ginger Rogers in one of the finest vehicles of recent years, Leo McCarey's "Once Upon a Honeymoon" presents the two top film favorites in a colorful story of love and adventure against the background of blitz-torn Europe.

Leo McCarey produced and directed the picture, which weaves a timely patriotism into its romance, forcefully depicts the Nazi methods of "softening up" a country preparatory to invading it, and carries a stirring message of every American.

Ginger's role is that of Katie O'Hara, an American dancer who poses as a society girl and who, dazzled by the glamor of a title, marries the suave Baron von Lubert, Hitler's chief advance agent. Grant plays the part of Pat O'Toole, a broadcasting reporter who is interested in Katie's career, and even more interested in the Baron's mysterious political activities, for he has learned that whenever the Baron visits a country, that country promptly falls under the swastika banner.

Following the collapse of Austria the Baron and his new Baroness head for Poland—and Pat stays right with them. His warnings to Katie begin to bear fruit, and when the German invasion of Poland begins she realizes that Pat is right and that the sooner she leaves the Baron the better. She exchanges passports with a Jewish maid to help the latter get out of the country and then by pretending to have been killed in a bomb explosion eludes the Baron's vigilance.

After a period in a concentration camp Pat and Katie prove their American citizenship and get to Holland and then to Paris, just as the victorious Germans take over the French capital. About to start for home, Katie is induced by the American secret service to rejoin the Baron and to find out what his intentions are toward the United States. Her patriotic scheme is abetted by Pat, and the two narrowly escape a Nazi dungeon before they manage to complete their missions and start for home.

How their personal problem is finally solved forms the exciting conclusion to the unusual film, which is said to afford the two stars their finest portrayals to date. Walter Slezak, noted Broadway star, makes his American screen debut as the Baron; and Albert Dekker, Ferike Boros, Albert Basserman, Harry Shannon, Natasha Lytess and other noted players have important roles.

Sheridan Gibney wrote the screenplay and collaborated with producer-director McCarey on the original story of this RKO Radio offering.

Seniority in Congress

Now that the 78th Congress has been organized, committee assignments made, and the Congress is ready to proceed to the more serious matter of legislating in this great crisis of the country, attention has been called to the important part the rule of seniority of service has played in the organization of the Congress. A goodly number of references have been made, particularly in the East and West, to the important chairmanships and other important assignments that Members from the South have secured as a result of their long service in the Congress. For instance, the chairmanship of many of the important committees of the Congress are filled by Southerners. The Speaker of the House, Sam Rayburn of Texas, is a Southerner. Likewise, the Chairman of the Ways and Means Committee, Mr. Doughton, is from North Carolina. The Chairman of the Senate Finance Committee, the position formerly held by the late and lamented Pat Harrison, is Senator George of Georgia. The Chairman of the House Naval Affairs Committee, Carl Vinson, is also from Georgia. And such instances might be sighted without end.

The following excerpts from an article by Gould Lincoln in the Washington Star is characteristic of many other comments now appearing in the press of the met and women entering Congress now for the first time—and many of them are—

men and women who have been in Congress for a comparatively brief time will still be serving as national legislators 30 years hence? It is a teasing question in view of the fact that there are just nine members of the Senate and House who have completed 30 years of continuous service—or will have done so by next March—and one, Senator Glass of Virginia, who has served a total of 30 years, although not continuously.

"Of the nine men who will have served continuously for 30 years by the time March 4 rolls around—their service already would have reached the 30-year mark had it not been for the former practice of having the new Congress term open March 4—three are Senators and six are Representatives. Here they are:

"Representative Sabari of Illinois, who was born in Zabori, Czechoslovakia, and is now 76 years old. A Democrat, he is chairman of the powerful House Rules Committee. He is the dean of the House and is now in his 36th year of service.

"Colorful Senator 'Cotton' Ed Smith of South Carolina is a native of his home state and, like Mr. Sabath, is 76 years old. He entered the Senate in 1909 and is serving his 34th consecutive term and already has hung up 34 years to his credit. He is chairman of the Senate Agriculture Committee.

"Senator McKellar of Tennessee, Democrat, a native of Alabama, 73 years old. He served for 8 consecutive terms in the House and is in his 5th consecutive term in the Senate, where he is chairman of the Post Offices Committee and the ranking member of the Appropriations Committee.

"Senator Barkley of Kentucky, Democratic leader of the Senate, is 65 years old. His record of service also includes seven terms in the House, and he is in his third term in the Senate.

"Representative Sumners of Texas, Democrat, is 67 years old. Like the Speaker, he entered the House on March 3, 1913, having been elected in 1912. He is chairman of the House Judiciary Committee.

Of these ten men of long service in Congress (Senator Glass, Representative Sabath, Senator Smith, McKellar, Senator Hayden, Senator Barkley, Senator Rayburn, Representative Sumners, Representative Treadway) nine of them, including Senator Glass, are Democrats. All are from the South or Southwest, except Representative Sabath. It is traditional that States of the Solid South keep their Representatives in Congress many years. Because of the seniority rule, which gives preference in this matter of committee assignments

ORTTE THEATER SUNDAY AND MONDAY "PITTSBURGH"

Starring Randolph Scott,
Marlene Dietrich and
John Wayne

Violent melodrama, moving swiftly along the turbulent course of American progress, summarizes the significant appeal of Universal's "Pittsburgh." This picture, said to be graphically filmed, deals intimately with the lives and loves of modern pioneers who have grown up and prospered together with Pennsylvania's great industrial metropolis.

Marlene Dietrich, Randolph Scott and John Wayne are co-starred in the distinguished cast which features Frank Craven, Louise Albritton and Shemp Howard. Important supporting roles are carried by Thomas Gomez, Ludwig Stossel and Samuel S. Hinds.

Action of the story follows the careers of three people, a girl and two men, who struggle dangerously, face hardship valiantly and are eventually united by the war effort. Miss Dietrich has the role of the girl, a miner's daughter. Wayne and Scott appear as rivals for her attentions. Craven is seen as a scientist and Miss Albritton's assignment is that of a debutante.

Parallel is Dramatic
The romance, rivalry and adventures of the film's principal characters run closely parallel to the drama of the steel city itself and the climax of the story is declared to be ingeniously interwoven with the mighty, swing-over to all-out war production.

"Pittsburgh" an original story by George Owen and Tom Reed was scenarized by Kenneth Gamet and Reed with additional dialogue supplied by John Twist. The picture is a Charles K. Feldman Production and Lewis Seiler directed.

Cinematography by Robert de Grasse is stressed as being unusually outstanding and the film was made under the capable associate production of Robert Fellows.

Girl Scout Troop No. 1 Holds Court of Awards

The Court of Awards of Girl Scout Troop No. 1 was held on Friday evening at the Knights of Columbus Hall with the program in charge of Mrs. J. B. Goldman leader of the scouts. Mrs. Goldman was assisted by her two assistants Mrs. Frank Van Devender and Mrs. Lucile Anderson.

The girls marched in and stood in a horse shoe formation while the colors were advanced. The Pledge of Allegiance was given by Miss Margie Horlock, the Scout Promise by Gloria Biehl and the Scout Law by Thelma Thomas.

Miss Mary Thomas presented the following tenderfoot scouts to the troop: Gloria Capedone, Mitty Maskey, Norma Rae Oates, Betty Jane Bragg, Margalo Damborino, Helen Ramsey, Jane Russell, Joy Starita and Katherine Garriga. Mrs. Van Devender presented them with pins.

Second Class badges were presented to Gloria Biehl, Joy Starita, Margalo Damborino, Margie Horlock by Mrs. Lucile Anderson and Miss Mildred Cagle presented the first class badge to Thelma Thomas.

Miss Mary Kittrell presented the proficiency badges to Audrey Biehl, Gloria Biehl, Gaynel Gex, Margie Horlock, Helen Ramsey, Gene Robin and Mary Thomas. Miss Alice Vivian Evans presented them the First Aid badges.

Membership stars were presented by Miss Helen Biehl to Audrey Biehl, 4 stars, Gloria Biehl, 2; Shirley Cassidy, 2; Margie Horlock, 3; Gene Robin 3; Virginia Seal, 3; Mary Thomas 3; Thelma Thomas 5; Barbara Ann Trastrout 2; Gaynel Gex, 2.

Mrs. Goldman presented midget pins to the runners up.

This is the seventh year that the Perkins Trophy has been given and which was instituted by H. Grady Perkins and given to the scout having the greatest number of points.

This year's winner was Thelma Thomas who had a score of 285 points. The score of the other contestants was Audrey Biehl 265, Gloria Biehl 2, Gene Robin 150, Louise Maskey 50, Margie Horlock 130.

Those winning the Perkins trophy in the past were Blanche Wenar, (Mrs. Maurice Samuels), Alice Vivian Evans, Jo Rita Olson (Mrs. Frank VanDevender) Mary Kittrell, Helen Biehl, Audrey Biehl.

At the close of the program Taps were sounded and the colors retired and a social hour enjoyed. Games were played and refreshments served and all went home happy.

Mrs. Goldman and her assistants have done a fine piece of work with the Scouts and the girls often say that what they learned in scouting has helped them in their school work and in other walks of life. The girls are a loyal trustworthy group of true blue soldiers and there will be great things heard of them in years to come.

Reduction Indicated

The record of the first 11 months of 1942 indicates that the entire year will show a reduction in traffic deaths in the United States of about 29 per cent. Up to the first of December there have been reported 25,580 traffic deaths, against 35,770 for the year 1941. In Mississippi there were 399 traffic deaths in 11 months of 1942 as against 591 in 1941. In the month of November 1942, 28 people were killed in traffic accidents in Mississippi, as against 47 in 1941.

Protect Distribution

A report from Washington says that Senator Eastland is receiving many complaints from Mississippi farmers about the manner in which fertilizer is being distributed. It is claimed that some farmers have been allotted more than they need and others very little and some none at all. The report states that Sen. Eastland has taken the matter up with the Department of Agriculture and is vigorously contending for a more equitable system of supplying fertilizer to the farmers.

Tax Case to Be Heard

It seems that 17 of the 25 Rural Electrification Associations in the state are operating tax-free under a 1938 law. The value of these associations is placed at \$7,796,300 and the state tax commission has made a tentative assessment of the property. The assessment of the companies for taxes will be resisted and the case will be heard in the near future by the Mississippi State Tax Commission, and the case might find its way into the courts of appeal. The Mississippi Power Co., and the Mississippi Power and Light Co., combined, pay taxes on an assessed value of approximately seventeen and a half million dollars.

Bilbo-Eastland

The Democratic Caucus in Washington last week recommended that Sen. Bilbo be made chairman of the senate committee on Pensions, and that Sen. Eastland be placed on the committee of Claims, Education and Labor.

3,350 Inmates

Dr. C. M. Speck, Supt. of the State Hospital for the Insane, reports that the number of inmates of that institution has been reduced by 150 in the past six months, since the inauguration of a mental hygiene system for early diagnosis and treatment. The institution now has 3,350 inmates, and 456 employees, which is 75 less than the peak employment. The institution has turned in more than a half million lbs. of meat to be used by the war department in reclaiming tin. Lt. Harry Holton, son of Hon. and Mrs. J. C. Holton, received his Silver Wings last Thursday at Spence Field, Moultrie, Georgia. Harry H. Fowler, of Batesville, was elected sheriff of Panola County, in a special election last week. Andrew Rowan, who carried the "Message to Garcia" for President William McKinley at the beginning of the Spanish-American War, died last week at the age of 75 years. The legislators of 42 out of the 48 states are meeting in regular session this January. Mrs. Thomas Sullivan of Waterloo, Iowa, has been notified that her five sons serving in the Navy are all "missing in action."

State Food Committee

A committee has been set up to deal with the distribution of food in this state to be known as the State Food Committee. A large volume of food was produced and is still available but many people are not properly served from the standpoint of distribution. It is in the plan to set up local or area committees in the state to handle the situation in the respective localities. Increase in the retail price of several food products has been allowed within the past few days.

Farmers Meetings

Group meetings were held among the farmers of the agricultural states last week and the program for increased production was outlined. Mississippi being decidedly an agricultural state will figure largely in a movement of this sort. It is admitted by all military and political leaders that food is just as essential in winning the war as "shot and shell" and our farmers have a fine opportunity now to serve the war needs and at the same time to make good money for themselves, as fair prices will be paid for all articles of food produced this year.

Women's Contribution

The women of Mississippi are contributing liberally, as they always do in war, to the war effort. Many joining the WAACS and the WAVES and WOVs and are helping in the collection of all kinds of scrap. The large and growing pile of discarded silk and nylon hose now seen in the front office of the Mississippi Power and Light Company in Jackson has attracted much attention.

Raking Around

Copiah County seems to have an oil boom and much leasing of acreage is in evidence. City Judge, Leon Hendricks, has resigned that position to enter the race for district attorney of the seventh district in the special election to be held on January 30th. He will be succeeded by City Judge Noble, former state senator and once a district attorney. The Gulf Ordnance Plant has been completed well ahead of schedule and the plant, which costs more than five million dollars is now ready for the government. Mississippi's War Savings Bonds quota for January has been set at \$2,400,000. Last week

Simple things
you can do to
get more help
for your eyes!

Your eyes need all the help they can get. Don't handicap them with too little. Clean reflector bowls and bulbs frequently. You'll get from 25-30% more light.

You'll get more help for your eyes when you read, play games or sew, if your lamp shades are light-colored or have white linings. Clean or brush them regularly; or if they're too bad, replace with fresh shades.

Arrange your furniture and lamps so that you can, if necessary, make each lamp provide good light for more than one person. Be sure you're close enough to the lamp; a difference of 12 inches may cut your light in half.

DO THIS! To relieve discomforts, one of the best things you can do is put a good spoonful of mentholated Vicks VapoRub in a bowl of boiling water.
Then feel the wonderful relief come as you breathe in the steaming medicated vapors that penetrate to the cold-congested upper breathing passages! See how this soothes irritation, quiets coughing, and helps clear the head-bringing grand comfort.
FOR ADDED RELIEF . . . rub throat, chest and back with VapoRub at bedtime. Vicks VapoRub works for hours—2 ways at once—to bring relief from distress. Remember—the Vicks VapoRub you want.

TO PRELIMINARY TRAINING FIELD

Aviation Cadet Emile S. Piazza, son of Mr. and Mrs. Pascal Piazza of Bay St. Louis, was among 29 aviation cadets from Mississippi who graduated this week from the San Antonio Aviation Cadet Center preflight school and went to primary training fields, future pilots for Uncle Sam's war planes.

A news release advises us that the San Antonio Aviation Cadet Center classification center and preflight school makes up the largest military installation of its kind in the world, and these boys have been termed by Lieutenant General Henry H. Arnold "inherently the most able fighting men in the world." General Arnold, commanding general of the Army Air Forces reviewed "ten acres of cadets"—the entire cadet detachment on a recent visit to the Cadet Center.
